I have extensive experience as a Pre-Press Designer and Packaging Expert, having worked at Al Batool Printing Press in Ajman, UAE. In this role, I was responsible for creating innovative packaging designs for a variety of clients, as well as creating dielines for boxes and shopping bags. I also supervised junior designers and provided guidance on the printing process. As a printing press, we regularly received designs from other design firms, and it was my responsibility to review and verify their print-readiness. In addition, I conducted inspections of printing jobs to ensure that the colors matched the original designs. Overall, my job at Al Batool Printing Press involved a wide range of duties related to the design and printing and packaging materials.
